

PEACE TREE BUNTING

Sheet 1

For this make you will need...

- These printouts
- scissors
- glue stick
- string
- a hole puncher

Follow steps 1-9 and then hang up your lovely Peace Tree Bunting and give yourself a pat on the back.

1

Cut out all pieces on all 3 sheets.

2

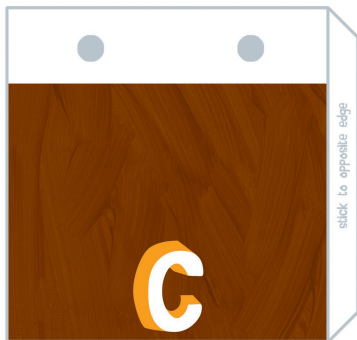

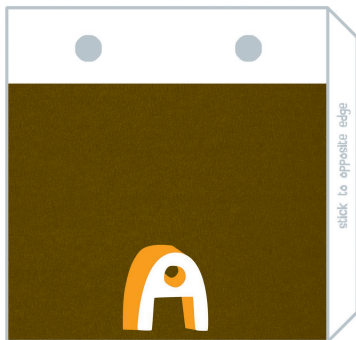

Hole punch 2 holes where guide spots are on each trunk piece.

Sheet 2

3
Make up all 6 tree cones (by sticking flap to other straight edge).

4
Snip the pointy bit at the top of each tree cone off (this will be to thread the string through at the end)

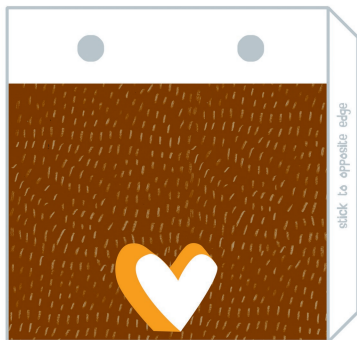

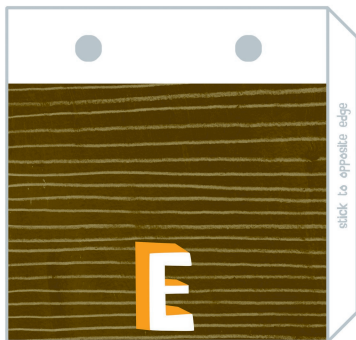

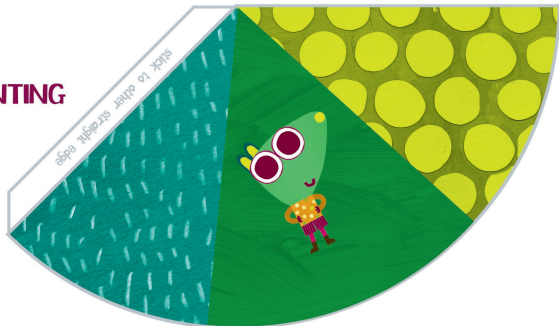

5
Make up all 6 trunk cylinders (by sticking flap to other straight edge).

Sheet 3

6
Using a long length of string,
thread into a snipped point of treetop...

7
Then thread through both holes of
the "P" tree trunk...

8
Then thread back out of the
top of the treetop point.

9
Repeat steps 6-9 for all the
other treetops and letters so that
when all strung together the letters
spell "PEACE" (The heart can go at the end!).
